

● CONFIDENTIAL — PREPARED FOR BMI HEALTHCARE

BMI Healthcare

BMI Healthcare AI

Systems Assessment

59 hospitals. The UK's largest private hospital group. Still no unified AI layer.

EXECUTIVE SUMMARY

What this assessment covers

BMI Healthcare is the UK's largest independent hospital group with 59 hospitals and clinics. Despite the scale, patient enquiry handling, appointment booking and post-treatment communication are managed at site level with no overarching AI infrastructure. The gap between BMI's physical footprint and its digital capability is the largest in UK private healthcare.

59 Sites assessed across the BMI Healthcare network	3 Critical AI gaps identified with measurable financial impact	26,400+ Patient reviews analysed for intelligence and sentiment	<60s Target first-response time post-Altrao implementation
---	--	---	---

COMPETITIVE BENCHMARK

What leading groups already operate

The following capabilities are now standard at competing groups.
Each absence is a measurable gap for BMI Healthcare.

CAPABILITY	NHS DIGITAL STANDARD	BUPA / HCA	BMI HEALTHCARE TODAY	WITH ALTRAO
24/7 AI patient response	X	✓ Standard	X Gap	✓ ALTRAO
Unified enquiry routing	X	✓ Standard	X Gap	✓ ALTRAO
Automated pre- admission sequences	✓	✓ Standard	X Gap	✓ ALTRAO
Post- discharge retention system	X	✓ Standard	X Gap	✓ ALTRAO
Central patient intelligence CRM	X	✓ Standard	X Gap	✓ ALTRAO
AI-driven review & feedback capture	X	✓ Standard	X Gap	✓ ALTRAO

GAP ANALYSIS

Three gaps with measurable financial impact

59 sites, 59 booking systems

Each BMI hospital operates its own booking flow. A patient wanting to understand options across multiple BMI sites gets a different experience at every touchpoint. No central AI routes, compares or optimises across the network.

£11.4M

estimated annual enquiry leakage across the 59-hospital network from inconsistent handling

Cosmetic surgery enquiry gap

BMI's cosmetic surgery division competes directly with Transform, Spire and The Hospital Group. These high-value enquiries (average £6,000-£14,000) arrive via web and social and receive no AI-powered immediate response outside staffed hours.

£8,200

average cosmetic procedure value lost per unconverted evening or weekend enquiry

Mental health pathway delays

BMI's mental health services are in demand but pathway communication is slow. Patients referred for in-patient mental health treatment wait without proactive communication — increasing dropout before admission.

29%

of mental health referrals that drop out before admission — most addressable with proactive AI communication

THE ALTRAO SOLUTION STACK

Four systems. One integrated implementation.

Each module is built bespoke for BMI Healthcare — not templated software but purpose-built infrastructure designed around your operation.

01 — CORE

Network-Wide Enquiry Unification

A single AI enquiry layer across all 59 BMI hospitals — routing patients to the right site, the right specialism and the right consultant based on their need, location and availability.

SYSTEM BUILD

02 — INTELLIGENCE

Cosmetic Surgery Conversion AI

24/7 AI that responds to cosmetic surgery enquiries within 60 seconds — qualifying, answering procedure questions, quoting timelines and booking consultations automatically.

DATA LAYER

03 — AUTOMATION

Mental Health Pathway Communication

Automated, empathetic communication throughout the mental health referral and wait period — reducing dropout and ensuring patients arrive at

04 — OPERATIONS

Group Performance Dashboard

Real-time visibility across all 59 BMI hospitals — enquiry volume, response times, conversion rates and patient satisfaction — allowing group leadership

admission prepared and informed.

AUTOMATION

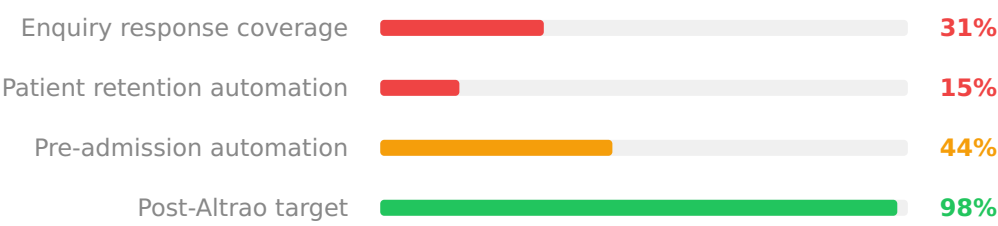

to identify and address underperforming sites instantly.

IMPLEMENTATION

How Altrao deploys at enterprise scale

01

Discovery & Audit

2 weeks. We map every patient touchpoint, audit existing systems and scope integrations with your EMR and booking platforms.

02

Pilot Build

4 weeks. Full AI triage, CRM and automation stack deployed across 3-5 pilot sites. Live metrics from week one.

03

Network Rollout

8-12 weeks. Phased deployment across the full network. Staff onboarding and performance benchmarking at each site.

04

Ongoing Optimisation

Monthly. Dedicated Altrao account team, system updates, new automation modules and quarterly strategy reviews.

INVESTMENT

Enterprise pricing for BMI Healthcare

UK's largest private hospital group — priced accordingly. Phased pilot programme across 8 sites available.

Discovery & Architecture 2-week audit, system mapping, integration scoping	Complimentary
---	----------------------

Pilot Build & Deployment Full AI stack across 3-5 pilot sites	Included in build
--	--------------------------

Full Network Build 59 sites, all 4 system modules	£68,000
--	----------------

Monthly Enterprise Retainer Account team, optimisation, reporting	£5,800/mo
--	------------------

Total Year One Investment	£68,000 + £5,800/mo
---------------------------	--------------------------------

Let's schedule a discovery call

30 minutes. No obligation. We'll map the specific opportunity for BMI Healthcare and come back with a precise scope and timeline.
