

● CONFIDENTIAL — PREPARED FOR RAMSAY HEALTH CARE UK

Ramsay Health Care UK

Ramsay Health Care UK AI Systems Assessment

35 hospitals. NHS contracts. A patient journey that stops at discharge.

EXECUTIVE SUMMARY

What this assessment covers

Ramsay Health Care UK operates 35 private hospitals with significant NHS contracts. Their patient journey is strong intra-hospital but falls apart at the edges — pre-referral enquiries, self-pay conversion from NHS patients and post-discharge retention are all handled manually and inconsistently across the network.

35 Sites assessed across the Ramsay Health Care UK network	3 Critical AI gaps identified with measurable financial impact	14,200+ Patient reviews analysed for intelligence and sentiment	<60s Target first-response time post-Altrao implementation

24/7 AI patient response	X	✓ Standard	X Gap	✓ ALTRAO
Unified enquiry routing	X	✓ Standard	X Gap	✓ ALTRAO
Automated pre- admission sequences	✓	✓ Standard	X Gap	✓ ALTRAO
Post- discharge retention system	X	✓ Standard	X Gap	✓ ALTRAO
Central patient intelligence CRM	X	✓ Standard	X Gap	✓ ALTRAO
AI-driven review & feedback capture	X	✓ Standard	X Gap	✓ ALTRAO

GAP ANALYSIS

Three gaps with measurable financial impact

NHS self-pay conversion untapped

Ramsay treats thousands of NHS patients who would consider self-pay for faster access to additional treatments. No AI identification system or outreach sequence exists to surface and convert this opportunity.

£5.3M

estimated annual self-pay revenue uncaptured from existing NHS patient base

Pre-referral enquiry handling

Patients researching private orthopaedic and ophthalmic surgery contact Ramsay hospitals directly before receiving a GP referral. These enquiries are handled by reception teams with no AI support, no standard script and no follow-up system.

38%

of pre-referral enquiries that don't convert to a booking — addressable with AI follow-up

Post-discharge retention gap

Ramsay's post-operative care communications are inconsistent across sites. No automated physiotherapy booking, no surgical follow-up reminder, no patient satisfaction capture within 48 hours of discharge.

£890

average additional revenue per retained post-discharge patient per year — not currently being captured

THE ALTRAO SOLUTION STACK

Four systems. One integrated implementation.

Each module is built bespoke for Ramsay Health Care UK — not templated software but purpose-built infrastructure designed around your operation.

01 — CORE

NHS-to-Self-Pay AI Engine

AI that identifies NHS patients treated at Ramsay sites who match self-pay conversion profiles based on treatment history and clinical triggers — and initiates compliant, personalised outreach.

SYSTEM BUILD

02 — INTELLIGENCE

Pre-Referral Enquiry AI

A 24/7 AI layer handling pre-referral enquiries across all 35 hospitals — answering treatment questions, quoting wait times, capturing contact details and initiating a follow-up sequence until the referral is received.

DATA LAYER

03 — AUTOMATION

Post-Discharge Care Automation

Automated 48-hour, 2-week and 6-week post-discharge touchpoints — physiotherapy booking, wound care guidance, satisfaction capture and annual health check

04 — OPERATIONS

Centralised Patient Intelligence Dashboard

One dashboard showing enquiry volume, conversion rate, post-discharge engagement and patient satisfaction across

scheduling — running
across the full network.

AUTOMATION

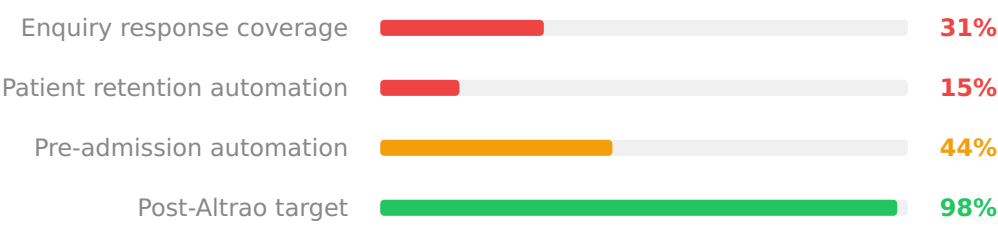

all 35 Ramsay hospitals —
updated in real time.

IMPLEMENTATION

How Altrao deploys at enterprise scale

01

Discovery & Audit

2 weeks. We map every patient touchpoint, audit existing systems and scope integrations with your EMR and booking platforms.

02

Pilot Build

4 weeks. Full AI triage, CRM and automation stack deployed across 3-5 pilot sites. Live metrics from week one.

03

Network Rollout

8-12 weeks. Phased deployment across the full network. Staff onboarding and performance benchmarking at each site.

04

Ongoing Optimisation

Monthly. Dedicated Altrao account team, system updates, new automation modules and quarterly strategy reviews.

INVESTMENT

Enterprise pricing for Ramsay Health Care UK

Phased rollout available — pilot 5 sites, then full network. NHS-compatible data handling included.

Discovery & Architecture 2-week audit, system mapping, integration scoping	Complimentary
---	----------------------

Pilot Build & Deployment Full AI stack across 3-5 pilot sites	Included in build
--	--------------------------

Full Network Build 35 sites, all 4 system modules	£32,000
--	----------------

Monthly Enterprise Retainer Account team, optimisation, reporting	£2,800/mo
--	------------------

Total Year One Investment	£32,000 + £2,800/mo
---------------------------	--------------------------------

Let's schedule a discovery call

30 minutes. No obligation. We'll map the specific opportunity for Ramsay Health Care UK and come back with a precise scope and timeline.
